U.S. Agricultural Trade Update

Economic Research Service
U.S. Department of Agriculture

August 24, 1992

Trade Surplus

Trade Surplus Down Slightly - The agricultural trade surplus in June was a little above \$1.1 billion, \$35 million less than May. U.S. exports increased to \$3.2 billion and imports increased to \$2.1 billion. The cumulative trade surplus for October 1991 to June 1992 totaled \$14.6 billion, 25 percent over the same period a year ago (table 3).

Exports Edge Upwards - Exports, reversing a three-month decline, grew to \$3.2 billion in June, 2 percent above May. Grain exports were higher due to increased shipments of wheat and corn. Of non-grain exports, dairy products, fruit, fruit juices, and vegetable oil were larger in June. Fiscal 1992 export value to date totaled \$32.7 billion, a 13 percent increase over the year-ago period, and 80 percent of the forecasted value for fiscal 1992.

Wheat export volume rose 26 percent over May to 2 million tons in June. Wheat shipments of 920,000 tons to China and the former Soviet Union were almost 50 percent above May levels. Exports to Japan were up slightly, but down to other East Asian countries. The cumulative October-June wheat export volume was 27 million tons, 78 percent of the forecasted volume for fiscal 1992. Export value was \$274 million for June, and almost \$3.2 billion for October-June.

Corn exports were 3.8 million tons in June, a 41 percent increase over May, and export value was \$435 million. More exports to Japan, Korea, and the former Soviet Union accounted for most of the increase. October-June volume was 30 million tons, 11 percent below the year-ago level.

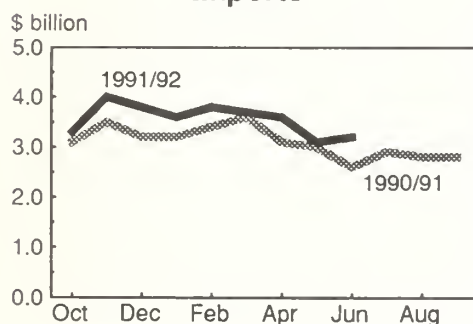

Grain **sorghum** exports fell to 208,000 tons, 65 percent below May, and the least since June 1991. Most June shipments went to Japan and Mexico. The October-June cumulative exports were 6.3 million tons, 37 percent above the fiscal 1991 level.

Soybean exports decreased by 4 percent to 742,000 tons in June. Lower shipments to the EC and Taiwan offset gains to Japan and Mexico. October-June export volume was 15.7 million tons, 26 percent ahead of the same period in fiscal 1991. Export value was \$172 million in June.

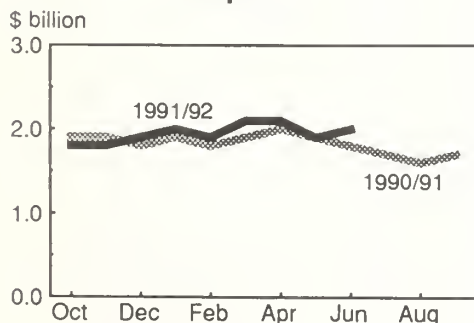

Cotton exports were 125,000 tons in June, 2 percent above May. June shipments were higher to Egypt, steady to Southeast and East Asia markets, but lower to the EC and China. Cumulative cotton exports for October-June totaled 1.3 million tons, 11 percent below fiscal 1991 levels. Export value for June was \$171 million.

Imports Gain - Agricultural imports were an estimated \$2.1 billion in June, 6 percent above May. Imports totaled \$18 billion through three quarters of the 1992 fiscal year, 5 percent ahead of the same period last year. Increased imports of cocoa, dairy products, wine, sugar, and vegetable oils accounted for the month's gain. There were slight increases in beef and banana imports. Fruit and orange juice imports were down. (Joel Greene, 202-219-0822)

Exports

Imports

P.L. 480 Funding Levels - Funding for the P.L. 480 (Food for Peace) program in fiscal 1993 is budgeted at \$1,698.9 million, an increase of \$91.4 million over fiscal 1992 (table 4). Of this, about \$555.3 million is provided through Title I (concessional sales), \$810 million through Title II (donations), and \$333.6 million through Title III (grants). Total P.L. 480 commodity shipments during FY 1992 are estimated at 6.6 million tons. Shipments in FY 1993 will be higher due to increased funding and lower projected commodity costs. (Nydia Suarez, 202-219-0821).
